## Professional Summary

Frontend Developer and Mobile Engineer with 3 years of experience building modern, responsive, and scalable web applications across SaaS, AI-powered products, business platforms, dashboards, and mobile applications. Experienced with JavaScript, TypeScript, React, Next.js, React Native, and modern frontend architecture. Skilled in API integration, server-state management, reusable component systems, responsive design, and developing maintainable user experiences. Also experienced with Node.js, Express.js, PostgreSQL, Prisma, and Drizzle ORM.

## Work Experience

**Frontend Developer** January 2026 – Present
*Raj Consulting*

- Develop responsive applications and product interfaces across SaaS, real estate, business, and client projects.
- Currently contribute to **Oc8via**, an AI-powered sales platform featuring customer conversations, lead management, CRM workflows, AI agents, and sales automation.
- Build reusable dashboard components and integrate REST APIs using TanStack Query and Zustand for scalable state and data management.

**AI Training & Data Specialist** April 2026 – May 2026
*Outlier* *Contract*

- Conducted Reinforcement Learning from Human Feedback (RLHF) and logical reasoning evaluation to support the improvement of large language models.
- Performed detailed data and image annotation to improve AI model accuracy and training quality across technical tasks.

**Frontend & Mobile Engineer** April 2026 – June 2026
*BasalLabs* *Contract*

- Developed production-ready interfaces for AI, consulting, business, and corporate products using React, Next.js, TypeScript, and Tailwind CSS.
- Contributed to **FaceTrust AI**, integrating responsive frontend interfaces with backend services and data-driven application workflows.
- Built reusable component systems and integrated REST APIs using TanStack Query for caching, mutations, loading states, and error handling.

**Frontend Engineer** October 2025 – March 2026
*Learnille*

- Rebuilt Learner, Instructor, and Consultant dashboards with improved responsiveness, usability, and maintainability.
- Developed the Learnille Admin Dashboard for managing users, platform content, and administrative workflows.
- Integrated REST APIs and implemented server-state management using TanStack Query across multiple dashboard modules.

## Technical Projects

**Oc8via AI Sales Agent** *Next.js, TypeScript, TanStack Query, Zustand*

AI-powered sales platform designed to help businesses manage customer conversations, leads, AI agents, CRM workflows, and sales automation from a unified interface.

**FaceTrust AI** *React, Next.js, TypeScript, TanStack Query*

Contributed to responsive frontend interfaces, reusable components, API integrations, and data-driven experiences for an AI-focused product.

**University of Ilorin IT Alumni Portal** *Next.js, TypeScript, Node.js, PostgreSQL*

Developed an alumni platform for the University of Ilorin Department of Information Technology, designed to support alumni registration, profiles, community engagement, events, and departmental communication.

**Unigig.lol** *Next.js, TypeScript, Tailwind CSS*

Student-focused platform that enables University of Ilorin students to discover gigs and opportunities created specifically for members of the university community.

**Dedwell** *React, Next.js, TypeScript*

Contributed to a real estate platform by developing responsive interfaces and integrating frontend functionality with backend services.

**PrintDaily** *Next.js, TypeScript, Tailwind CSS*

Developed a responsive website for a printing brand, including service, product, blog, and customer-facing informational pages.

## Education

**University of Ilorin, Kwara State, Nigeria** 2022 – 2026

Bachelor of Science (B.Sc.) in Information and Communication Science

## Technical Skills

| | |
|---|---|
| **Languages:** | JavaScript (ES6+), TypeScript, HTML5, CSS3 |
| **Frontend:** | React, Next.js, React Native, Tailwind CSS, Chakra UI, Framer Motion |
| **State & Data:** | TanStack Query, Zustand, Axios, Fetch API |
| **Backend:** | Node.js, Express.js, REST APIs |
| **Database & ORM:** | PostgreSQL, Prisma, Drizzle ORM |
| **Tools:** | Git, GitHub, Docker, Vite, Vitest, Figma, VS Code |
| **Core Skills:** | Responsive Design, API Integration, Dashboard Development, Component Architecture, State Management, Mobile-First Development |
